

WHITE CAP®
BUILDING TRUST ON EVERY JOB™

ON-SITE SOLUTIONS

Bring the Power of White Cap to Your Jobsite

Your jobsite is where deadlines matter and every minute impacts your bottom line. **White Cap's On-Site Solutions** put everything you need right where you need it—on the jobsite. From inventory and asset management to safety programs and procurement integration, we help you reduce costs, save time, enhance safety, and improve workflow.

Our solutions are tiered and customizable, so you can start small or go big. Whether it's a single vending machine or a fully staffed supply depot, we make it easy to scale up or down as your projects evolve.

Why Choose On-Site Solutions?

- **Immediate** access to tools, PPE, and essentials
- **Real-time** automated inventory management
- **Improved** productivity since workers stay on site
- **Enhanced** safety and compliance with on-site gear, safety inspections, and more
- **Improved** uptime by keeping tools accurate and in peak condition
- **Insights** for faster and smarter purchasing
- **Scalable** across multiple jobsites
